# Welcome

## to Agro Food Park

At Agro Food Park, we are more than 100 companies and 1500 employees gathered in one location. We are a leading innovation environment for agricultural and food companies in Denmark, where operations, development and implementation of ideas go hand in hand. Together, we form a unique environment with a strong network of people across disciplines and competences.

With this networking book, the intention is to create an overview of the companies that live in Agro Food Park through a short presentation. The book makes it easy to reach out to the network, cultivate and strengthen it. In each presentation you will find an associate who is ready to network.

Enjoy the book!

**Anne-Marie Hansen**

Director

# COMPANIES

## 4H

### **Sarah Kristine Skou Andersen**

Chief of Secretary

Email: [sksa@4h.dk](mailto:sksa@4h.dk)

[www.4h.dk](http://www.4h.dk)

**Agro Food Park 15**

---

4H is a Danish children and youth organisation focused on educating children in sustainability through activities related to food, nature, animals and creativity. It currently has 50 local branches run by volunteers and is a member-based organisation. The educational approach is based on children's democracy and learning by doing.

We help children become capable and independent young people who think critically and make sustainable choices. 4H's secretariat is located in Agro Food Park, from where we support the voluntary activities throughout the country.

## Actief Hartmanns A/S

### Pernille Ravn

We work daily with more than 1,600 herds and thus providing veterinary services to more than 60 % of the total dairy cow population in Denmark.

## Emma General Trading

### Peris Rashad

Co-Founder / Director

Email: [peris@emma-company.com](mailto:peris@emma-company.com)

[www.emma-company.com](http://www.emma-company.com)

**Agro Food Park 13**

Denmark's leading company with a primary focus on exports to Iraq

The business's focus is to facilitate trade between Iraqi wholesalers/importers/distributors and Danish as well as international producers of a range of highly demanded food products in the Iraqi market.

The overall business objective is to ensure smooth trade between sellers/producers in Denmark and wholesale/import buyers in Iraq, through a comprehensive Full-Service offering that includes administrative, financial, and regulatory services.

Founder Peris Rashad aims to leverage his cultural and business expertise, to establish direct trade between Denmark and Iraq. The Iraqi market presents significant opportunities for the import of Danish and international quality products.

Emma General Trading & Export-Import Company ApS's primary customers are large importers/distributors in Iraq who have access to a substantial and purchasing-capable market with a strong demand for Western quality products.

## Farm to Plate

### Alex Pawlowski

Sr. Manager Business Growth & Partnerships - EU

Email: Pernille.ravn@actief-hartmanns.dk

www.farmtoplate.io

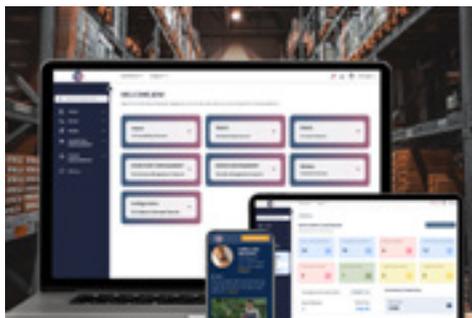

**Agro Food Park 13**

---

Farm to Plate™ is a comprehensive food track and trace solution designed to ensure transparency and safety in the food supply chain. It enables consumers and stakeholders to trace the journey of food products from their origins at the farm to the final point of sale. Utilizing advanced technologies like blockchain, IoT, and data analytics, Farm to Plate provides real-time tracking of food products, ensuring authenticity, quality, and compliance with safety standards.

This solution enhances trust between producers and consumers, reduces food fraud, and enables swift responses to contamination or recalls, promoting a safer and more transparent food system.

## Farma Nordic ApS

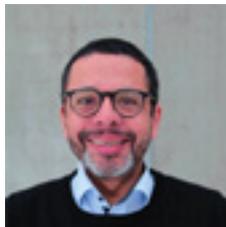

### Henrik Jensen

Sales Manager

Email: [hj@farmanordic.com](mailto:hj@farmanordic.com)

[www.farmanordic.com](http://www.farmanordic.com)

**Agro Food Park 15**

Farma Nordic is involved in animal health and nutritional advisory for livestock farming in Scandinavia. Their products minimize the time spent diagnosing transition issues, strengthen the immunessystem of animals and keep the infection pressure at a low level. These products ensure optimal growth conditions for the animals, and prevents the potential for pathogen microorganisms.

This is achieved by ensuring a good daily hygiene in the stables and using systematically right nutrition products.

## Fishlab

**Kirsten Engell-Sørensen**

CEO

Email: kes@fishlab.dk

www.fishlab.dk and www.hestelab.dk

**Agro Food Park 15**

---

Fishlab has many years of experience in aquatic environmental surveillance and innovation of aquaculture fish fry production. Fishlab has assignments for private and public institutions in Denmark and internationally actively takes part in innovative research projects and often act as a link between universities and the industry.

Fishlab is accredited by DANAK and has assignments for the Ministry of Environment of Denmark regarding environmental national surveillance of zooplankton, marine and freshwater benthic fauna communities, submerged freshwater plant investigations and more.

Fishlab performs semi-extensive and intensive fish larvae production and is currently developing a new kind of live feed for fish produced in aquaculture: ENCHYTRAEUS. Hestelaboratoriet perform DANAK accredited analysis of horse parasites for approximately 70 veterinary clinics in Denmark.

## Food & Bio Cluster Denmark

**Kathrine Lykke Kirk**

Haystack Manager

Email: [klk@foodbiocluster.dk](mailto:klk@foodbiocluster.dk)

[www.foodbiocluster.dk](http://www.foodbiocluster.dk)

**Agro Food Park 15**

Food & Bio Cluster Denmark is the national cluster organisation for the Danish food and bioresources. The cluster is a unifying platform for knowledge-based innovation, collaboration, and growth – for companies and knowledge institutions.

Food & Bio Cluster Denmark has its head-quarter in Agro Food Park 13, where it is responsible for Haystack, the incubator for startups.

## Food & Co.

### Claus Nisted

Operations Manager

Email: Claus.Nisted@compass-group.dk

www.compass-group.dk

**Agro Food Park 13, 15 + 26**

## Food & Co.

Food & Co. is one of the brands that Compass Group operates through. That is why everyone who works in one of Agro Food Parks three eateries carries this brand. Read more about Compass Group on page 24.

The three eateries in Agro Food Park:

Café in no. 13:

Barista coffee, cakes, open all day

Canteen in no. 15:

Largest, most traditional food

Canteen in no. 26:

Organic food, more greens

## Food Nation

### Malene Rygaard

Office Manager

Email: [mary@foodnationdenmark.dk](mailto:mary@foodnationdenmark.dk)

[www.foodnationdenmark.com](http://www.foodnationdenmark.com)

### Agro Food Park 13

Food Nation is a public-private partnership established by the Danish government and leading private organisations and companies. They create awareness of Denmark as a frontrunner in innovative, sustainable, and effective food production.

The strongholds of the agri-food sector are presented through interactive experiences in the Visitor Centre in Agro Food Park 13 and in Copenhagen and invite you to strengthen collaboration with international stakeholders.

## Foodjob Nordic

### Martin Alsted

Senior Advisor

[www.forcetechnology.com](http://www.forcetechnology.com)

### Agro Food Park 13

---

FORCE Technology is a technology consulting and service company that works to create positive technological change and make the world more sustainable and safe. They do on-site inspections, measurement and data collection, and offer a comprehensive and unique infrastructure of facilities and laboratories for testing, calibration and analysis.

As a government-approved Research and Technology Organisation, they help companies get market access through their wide range of services, supplied from or via their Aarhus facilities in Agro Food Park.

## Foreningen for Biodynamisk Jordbrug

**Klaus Loehr-Petersen**, Project Manager

Email: [info@biodynamisk.dk](mailto:info@biodynamisk.dk)

[www.biodynamisk.dk](http://www.biodynamisk.dk)

**Agro Food Park 26**

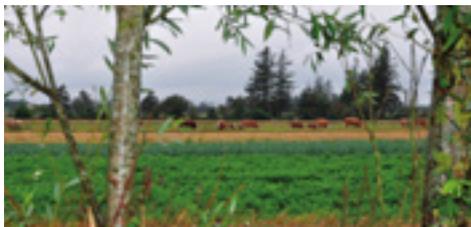

---

 Foreningen for  
Biodynamisk Jordbrug

Association for Biodynamic Agriculture is the oldest organics organization in Denmark. They are part of the international network Biodynamic Federation Demeter International and certify farms and companies in Denmark according to the international Demeter Standards. They have close relations with Økologisk Landsforening regarding standpoints, politics and scientific aspects.

Association for Biodynamic Agriculture is now situated in Agro Food Park 26 together with the other companies in Agro Food Park working specifically with organic farming and food production.

## **FRDK - Foreningen for Reduceret Jordbearbejdning i Danmark**

**Hanne Schønning**, Comm. Consultant

Email: [hsc@frdk.dk](mailto:hsc@frdk.dk)

[www.frdk.dk](http://www.frdk.dk)

**Agro Food Park 15**

---

FRDK is the association for reduced tillage in Denmark. Their purpose is to promote minimum tillage, no tillage and conservation agriculture. They give farmers reasons to manage their soil in a more sustainable way with less or no cultivation, use of cover crops and versatile crop rotation. All this is to keep a healthy financial position for the farmer, while maintaining productive soils for future generations.

FRDK has their secretariat located in Agro Food Park.

## Frisør Pape

### Trine Pape

Owner

Email: [frisorpape@gmail.com](mailto:frisorpape@gmail.com)

[www.frisorpape.dk](http://www.frisorpape.dk)

**Agro Food Park 15**

---

Frisør Pape is a hair salon in Agro Food Park. The reason why it is here is to give the employees of Agro Food Park the freedom and flexibility to take a small break from work, while also crossing off a visit to the hairdresser from the to-do list. Trine Pape is ready to welcome you to a little respite in the busy everyday life.

A hair salon might not be a typical service provider to associate with a place like Agro Food Park, but they want to make it as convenient as possible to be part of Agro Food Park.

## Gasa Nord Grønt

### Frederik Bæhr Harfot

Marketing Project Manager

Email: fbh@gng.dk

www.Gng.dk

**Agro Food Park 26**

Gasa Nord Grønt supply fresh and Danish produced fruits and vegetables with a strong focus on an organic and sustainable production. Gasa Nord Grønt's products are delivered every day to retail- and food service markets directly from the growers.

Gasa Nord Grønt is a cooperative owned by the growers they represent.

Their headquarter is located in Agro Food Park, and they enjoy being close to business partners in the industry.

## GLS-A

### Stephan Vinther Petersen

Communications Consultant

Email: [svp@gls-a.dk](mailto:svp@gls-a.dk)

[www.gls-a.dk](http://www.gls-a.dk)

**Agro Food Park 13**

GLS-A is the employers organization for companies in the green sector, e.g. farms and forests, agricultural contractors, garden nurseries and industries in the sector.

GLS-A generally supports its members within collective work agreements, labour law, working environment, education and HR. GLS-A has several membership benefits to offer and we welcome companies of all sizes.

GLS-A's business and head office is in Agro Food Park, because they cooperate with SEGES Innovation, Jordbrugets Uddannelses- og Forskningscenter og other companies located in Agro Food Park.

## Good Sodas

### Peter Vinther

Founder

Email: [peter@good-sodas.com](mailto:peter@good-sodas.com)

www.pressebureauet.dk

**Agro Food Park 15**

---

**PRESSE**bureauet | Aarhus

Pressebureauet Aarhus handles journalistic and communication tasks both online and in print. They specialize in agriculture, food production, and technology, and have a background in agriculture. As journalists, they are accustomed to finding the right angle and converting complex issues or technical texts into easily understandable and interesting stories.

They offer services like traditional journalism, strategic communication, startup and management of social media, production of newsletters and magazines and video production.

## Prima Print

Thorbjørn Fynø

Owner

Email: [thf@primaprint.dk](mailto:thf@primaprint.dk)

[www.primaprint.dk](http://www.primaprint.dk)

**Agro Food Park 15**

Prima Print is a printshop in Agro Food Park. They deal in all sorts of printing from roll-ups, banners and beach flags to flyers, posters, booklets and magazines in all shapes and sizes. At Prima Print you will always experience a high level of service, a fair price and no express fees for your jobs just because you need them done quickly.

Perhaps Denmark's smallest digital printing company, but it embraces a wide range of services.

## RISE

### Jørgen Korning

Agriculture and Food:

Email: [jorgen.korning@ri.se](mailto:jorgen.korning@ri.se)

[www.rise.se](http://www.rise.se)

**Agro Food Park 13**

RISE is an independent, state-owned research institute, with expertise, test-beds and demonstration environments for future-proof technologies, products, and services.

Key areas are ag-tech, plant production, animal production, food design, process tech, safety, sustainability, and life cycle analysis.

We want to increase collaboration with Scandinavian companies for them to take advantage of synergies in agriculture and food production of the Scandinavian markets.

## Rockwell Automation, Inc.

### Lars Bøgstrup

Sales Manager OEM

Email: [lbogstrup@rockwellautomation.com](mailto:lbogstrup@rockwellautomation.com)

[www.rockwellautomation.com/en-dk.html](http://www.rockwellautomation.com/en-dk.html)

### Agro Food Park 26

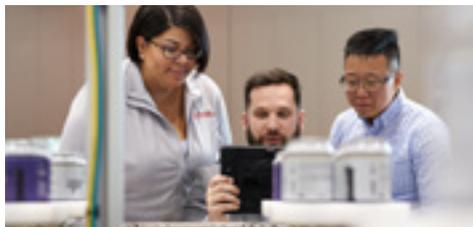

---

Rockwell Automation, Inc. (NYSE: ROK), is a global leader in industrial automation and digital transformation. We connect the imaginations of people with the potential of technology to expand what is humanly possible, making the world more productive and more sustainable.

Headquartered in Milwaukee, Wisconsin, Rockwell Automation employs approximately 26,000 problem solvers dedicated to our customers in more than 100 countries.

Email: [dennis.thaagaard@sustainor.eu](mailto:dennis.thaagaard@sustainor.eu)

[www.sustainor.eu](http://www.sustainor.eu)

**Agro Food Park 26**

Sustainor is a consultancy and IT company that helps companies in the process to develop and implement the right way to work with CSR and sustainability. The ESG platform Sustainor Backbone is the backbone of their service. Companies exist to make money, and it must be profitable to be sustainable. That is what Sustainor helps figuring out.

Sustainor feels at home in AFP as they are ESG experts in the food sector covering all parts of the value chain.

## TeleSense

**Thomas Kylling**

CEO

Email: [thomas.kylling1@upl-ltd.com](mailto:thomas.kylling1@upl-ltd.com)

[www.telesense.ag](http://www.telesense.ag)

**Agro Food Park 15**

---

TeleSense uses scalable sensor technology on an artificial intelligence (AI) platform to monitor temperature, humidity and carbon dioxide (CO<sub>2</sub>) levels in stored grain and other crops. They use fixed and portable sensors to monitor the condition of stored food commodities, automates the early detection of potential issues such as hotspots, excess moisture, and pests and mitigates spoilage, quality degradation, and food waste.

TeleSense has their main office in Agro Food Park, where they connect and network with the other companies.

# VikingDanmark

**Hans Peter Bay**

CEO

Email: [hpb@vikingdanmark.dk](mailto:hpb@vikingdanmark.dk)

[www.vikingdanmark.dk](http://www.vikingdanmark.dk)

**Agro Food Park 12 - 14**

VikingDanmark is an association owned by the Danish cattle farmers. One of Viking's most important tasks is to supply semen from bulls with high economic value. They have a nationwide insemination and counseling service, and offers strategic advice on breeding and reproduction in the individual herd in collaboration with the herd owner, employees, inseminator and adviser.

VikingDanmark resides at Koldkærgård, which is the oldest building in Agro Food Park. Dating back to the 1200s.

In 2018 Viking built a new domicile at Koldkærgård, to meet modern day requirements.

## **VISUE A/S**

**Claus Lund**

CEO

Email: [clu@visue.net](mailto:clu@visue.net)

[www.visue.net](http://www.visue.net)

**Agro Food Park 26**

---

VISUE supports security of supply in utility companies. At VISUE, they develop and operate IT systems, including monitoring and security systems. Their systems make data flow easily, enabling efficient digitalisation, optimization, and green transition and thereby create value for utility companies, consumers, and society as a whole.

VISUE's solutions are based on knowledge, collaboration, development and efficiency. Therefore, it is valuable for VISUE to be part of the innovative environment in Agro Food Park.

# Würth Elektronik Danmark

## Ole Sanggaard Knudsen

General Manager

Email: Ole.SanggaardKnudsen@we-online.com

www.we-online.com/en

## Agro Food Park 26

Würth Elektronik Danmark A/S is a company in the German Würth Group. The Danish sales office is located in Agro Food Park 26. Würth Elektronik is a production and distribution company within electronic components. These articles are used in any electronic product from the smallest IoT devices to large industrial machines and also in machines and devices for food and agriculture. Examples of use is the innovative horticulture LED's for green houses which is a more sustainable and significantly more energy optimal solution compared to yesterday's high

energy consuming lights as well as refrigerators, freezers and agriculture machines. Würth Elektronik is both a manufacturer and distributor of products directly to the customers. Würth Elektronik's motto is "more than you expect". This relates to the customer experience as well as in product quality.

## Økologisk Landsforening

**Helle Borup Friberg**

CEO

Email: hbf@okologi.dk

www.okologi.dk

**Agro Food Park 26**

Økologisk Landsforening is an NGO that works within development and propagation of ecology with the aim to create a sustainable food system. The organization collaborates with four member groups - the organic farmers, companies that sell or produce organic products, professional kitchens, and personal members. Together we form a strong, democratic core who works politically and ambitiously with ecology and sustainability.

Økologisk Landsforening appreciate being a part of a big foodcluster in Agro Food Park with innovation and knowledge sharing.
