5. edition – June 2025

Welcome

to Agro Food Park

At Agro Food Park, we are more than 100 companies and around 1700 employees gathered in one location. We are a leading innovation environment for agricultural and food companies in Denmark, where operations, development and implementation of ideas go hand in hand. Together, we form a unique environment with a strong network of people across disciplines and competences.

With this networking book, the intention is to create an overview of the companies that live in Agro Food Park through a short presentation. The book makes it easy to reach out to the network, cultivate and strengthen it. In each presentation you will find an associate who is ready to network.

Enjoy the book!

Anne-Marie Hansen

COMPANIES

4H

Sarah Kristine Skou Andersen

Chief of Secretary

Email: sksa@4h.dk

www.4h.dk

Agro Food Park 15

4H is a Danish children and youth organisation focused on educating children in sustainability through activities related to food, nature, animals and creativity. It currently has 50 local branches run by volunteers and is a member-based organisation. The educational approach is based on children's democracy and learning by doing.

We help children become capable and independent young people who think critically and make sustainable choices. 4H's secretariat is located in Agro Food Park, from where we support the voluntary activities throughout the country.

Actief Hartmanns A/S

Pernille Ravn

Regional Director

Email: Pernille.ravn@actief-hartmanns.dk

www.actief-hartmanns.dk

Agro Food Park 26

Actief Hartmanns is an HR consultancy company that provides services to help companies with short and long-term recruitment, talent attraction, employer branding, as well as HR and management consultancy.

The company has its Aarhus department located in Agro Food Park.

Agro Food Park

Anne-Marie Hansen

Director

Email: reception@agrofoodpark.dk

www.agrofoodpark.dk

Agro Food Park 13, 15, 26

**AGRO
FOOD
PARK**

Agro Food Park is the name of the area in which all the companies are located. It includes more than 100 companies and around 1700 employees. Agro Food Park team is responsible for running and maintaining the three buildings

with office rentals, supporting the network between companies and develop the whole area around the buildings. Agro Food Park also hosts several networking activities.

AGROINTELLI

Søren Kirkegaard Nielsen

R&D Director

Email: skn@agrointelli.com

www.agrointelli.com

Agro Food Park 15

AGROINTELLI

AGROINTELLI is the leading Danish field robotics company. Their focus is on precision farming technologies, the design, building, and distribution of the autonomous ROBOT-TI platform on a global-scale. ROBOT-TI is the name of a robot with an AI that can deal with most farming related duties on a field.

AGROINTELLI has a testing field located between Agro Food Park 26 and Viking Denmark's facilities.

Akson Robotics

Albert Sonne Olesen

CEO

Email: aso@akson-robotics.dk

www.akson-robotics.dk

Agro Food Park 13

Akson Robotics is the team behind the marketleading AI platform CropUp. CropUp is a SaaS tool that analyses drone images and maps the crop, weed and soil down to centimeter level precision.

The mappings can then be used to generate spray maps that fit existing sprayers and help farmers save up to 90% in herbicide, saving them money and benefitting the environment.

AKV AmbA

Britha Kruse

Marketing Manager

Email: BKR@AKV.dk

www.AKV.dk

Agro Food Park 13

AKV is a producer of potato starch and protein to the global food, paper and feed industries. Their products are sold in more than 70 countries around the world. AKV is owned by 180+ farmers and converts around 340,000 tons of Danish potatoes per year.

AKV have chosen Agro Food Park to benefit from the knowledge and possibilities the different companies and Agro Food Park provides including the surroundings.

Alimenta

Anders Mikkelsen

Kundeansvarlig Danmark

Email: anders.mikkelsen@alimenta.no

www.alimenta.dk

Agro Food Park 13

Alimenta provides raw materials, spices, technical ingredients, and flavors to the Nordic food industry and are distributor for among others, IFF.

Alimenta has its own development team, available for both new product development and optimizing existing products.

Their production facility mixes ingredients and package blends in quantities starting from 10 grams and upwards, offering a diverse range of packaging solutions customized for both the food industry and retail.

Arla Foods

Sandra Irene Jørgensen

VP Innovation

Email: sajor@arlafoods.com

www.arla.com

Agro Food Park 19

Arla Foods is the 7th largest dairy company in the world and a cooperative owned by 7.765 dairy farmers (07/2024). Arla combines traditional craftsmanship and world-class technologies to ensure its products remain closer to nature, from farm to fridge.

Arla identified that locating a new centre in the Agro Food Park, would give them the opportunity to be an important part of a new “silicon valley” with focus on food innovation – and thus also be close to their collaborators in this area.

AROLINK

Simone Haaning Harel

Strategy Manager

Email: sh@arolink.dk

www.arolink.dk

Agro Food Park 13

AROLINK®
better data, better decisions

AROLINK® digitalizes and manages production from raw material intake to shipping—including all processes, inventories, and actions in between. AROLINK® is highly flexible and scalable, ensuring digital traceability, optimization, automation, and less paperwork and waste.

The system integrates with your existing equipment and systems and adapts to your needs.

At AROLINK, we support you from analysis to implementation, training, and ongoing support.

Asia Base

Anders Ravn Nielsen

Director of Research & Strategy

Email: arn@asiabaselaw.com

www.asiabase.com

Agro Food Park 13

Asia Base is a Danish business consultancy with its main activities located in China. Over the past 30 years they have helped foreign companies acquire, establish, and grow competitive profitable businesses in China, many of which are agro- and food related.

In 2008 Asia Base founded the stable-to-table project "Scandinavian Farms".

Asia Base Holding is located in Agro Food Park.

Au2mate

Jan Bendix

Sales Director

Email: jbn@au2mate.dk

www.au2mate.dk

Agro Food Park 26

Au2mate is an automation and industrial IT provider and are experts in this field. They are a project-based enterprise, striving to be the preferred partner in the process industry by delivering unique quality to their customers.

One of the reasons Au2mate have an office in Agro Food Park is the unique networking possibility within the Danish food sector as well as working in an inspiring and innovative office community.

Avlsforeningen Dansk Holstein

Torben Lund

Executive Officer

Email: info@danskholstein.dk

www.danskholstein.dk

Agro Food Park 15

Avlsforeningen Dansk Holstein is an interest organization, that works on behalf of the Danish Holstein farmers. They work for the overall breeding goal and to promote the interest and understanding of the importance of breeding among farmers. Dansk Holstein represents farmers in professional issues regarding development, implementation, and other breeding issues.

Dansk Holstein is in Agro Food Park, because the environment offers a unique opportunity for interaction with stakeholders within the cattle business.

BASF

Grethe Thaysen, Senior Technical Sales

Manager Human-Nutrition

Email: grethe.thaysen@basf.com

www.basf.com

Agro Food Park 15

At BASF, we create chemistry for a sustainable future. Around 112,000 employees in the BASF Group contribute to the success of our customers in nearly all sectors and almost every country in the world. Our portfolio comprises, as core businesses, the segments Chemicals, Materials, Industrial Solutions, and Nutrition & Care; our standalone businesses are bundled in the segments Surface Technologies and Agricultural Solutions.

BASF develops sustainable products and technologies to enable the green transformation of its customers and already offers numerous products with a reduced or even net-zero carbon footprint.

Better Insect Solutions

Lars-Henrik Lau Heckmann

Head of Business Development

Email: : lh@betterinsectolutions.com

www.betterinsectolutions.com

Agro Food Park 15

Better Insect Solutions (BIS) is the insect farming concept and solution hub of the Big Dutchman group, powered by the sister companies Big Dutchman, INNO+ and SKOV. Since 2020, BIS has been operating in the insect farming sector, bringing together the insect-optimized technology solutions and new product developments of the sister

companies ensuring that BIS today has a complete project solution for farming of black soldier fly based on in-house products and systems.

Biomass

Thomas Byriel

Project Manager

Email: tb@biomass.dk

www.biomass.dk

Agro Food Park 13

BioMass.dk buys and sells biomaterial for the creation of biogas. They are a part of the Danish Biogas Industry. Their purpose is to assist producers of sustainable biological byproducts/waste, by recycling the byproducts for green biogas energy. Biomass.dk has several storage facilities, to receive goods by truck or ship.

BioMass.dk is part of the incubator for start-ups in Agro Food Park, and they also have offices in other locations around Denmark.

Career Space

Johanne Birn

Career Space Manager

Email: jobi@agrofoodpark.dk

www.agrofoodpark.dk/career-space/

Agro Food Park 13

**CAREER
SPACE**

Career Space is a part of Agro Food Park. It is a space for students to hang out, do projects and work on assignments. But it is also a place that exists to prepare students for a future in the agriculture and food business.

Students and companies can connect through activities and events. It is a great way for companies to get to know their potential future employees.

Cath Mersh Communications

Cath Mersh

Dyrlæger og Ko

Rune Friis Kristensen

Director

Email: rune@dyrlaegerogko.dk

www.dyrlaegerogko.dk

Agro Food Park 15

Dyrlæger & Ko is a veterinary corporation with 23 individual member practices and 130+ veterinarians all specialized in herd health, production and reproduction in cows. Our members are professional advisors and partners for the farmer with ambitions and a belief that healthy cows and healthy business are connected.

We work daily with more than 1,300 herds and thus providing veterinary services to more than 50 % of the total dairy cow-population in Denmark.

Farm to Plate, Inc

Pramod Sajja

Founder/CEO

Email: pramod.sajja@farmtoplate.io

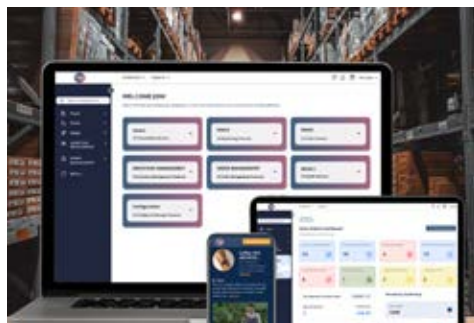

www.farmtoplate.io

Agro Food Park 13

Farm to Plate” is a comprehensive food track and trace solution designed to ensure transparency and safety in the food supply chain. It enables consumers and stakeholders to trace the journey of food products from their origins at the farm to the final point of sale. Utilizing advanced technologies like blockchain, IoT, and data analytics, Farm to Plate provides real-time tracking of food products, ensuring authenticity, quality, and compliance with safety standards.

This solution enhances trust between producers and consumers, reduces food fraud, and enables swift responses to contamination or recalls, promoting a safer and more transparent food system.

Farma Nordic ApS

Henrik Jensen

Sales Manager

Email: hj@farmanordic.com

www.farmanordic.com

Agro Food Park 15

Farma Nordic is involved in animal health and nutritional advisory for livestock farming in Scandinavia. Their products minimize the time spent diagnosing transition issues, strengthen the immunesystem of animals and keep the infection pressure at a low level. These products ensure optimal growth conditions for the animals, and prevents the potential for pathogen microorganisms.

This is achieved by ensuring a good daily hygiene in the stables and using systematically right nutrition products.

Fishlab

Kirsten Engell-Sørensen

CEO

Email: kes@fishlab.dk

www.fishlab.dk and www.hestelaboriet.dk

Agro Food Park 15

Fishlab has many years of experience in aquatic environmental surveillance and innovation of aquaculture fish fry production. Fishlab has assignments for private and public institutions in Denmark and internationally actively takes part in innovative research projects and often act as a link between universities and the industry.

Fishlab is accredited by DANAK and has assignments for the Ministry of Environment of Denmark regarding environmental national surveillance of zooplankton, marine and freshwater benthic fauna communities, submerged freshwater plant investigations and more.

Fishlab performs semi-extensive and intensive fish larvae production and is currently developing a new kind of live feed for fish produced in aquaculture: ENCHYTRAEUS. Hestelaboratoriet perform DANAK accredited analysis of horse parasites for approximately 70 veterinary clinics in Denmark.

Food & Bio Cluster Denmark

Marianne Greve

Executive Assistant

Email: mgr@foodbiocluster.dk

www.foodbiocluster.dk

Agro Food Park 15

Food & Bio Cluster Denmark is the national cluster organisation for the Danish food and bioresources. The cluster is a unifying platform for knowledge-based innovation, collaboration, and growth – for companies and knowledge institutions.

Food & Bio Cluster Denmark has its head-quarter in Agro Food Park 13, where it is responsible for Haystack, the incubator for startups.

Food & Co.

Søren Malmberg

Operations Manager

Email: soren.malberg@foodandco.dk

www.foodandco.dk

Agro Food Park 13, 15, 26

Food & Co.

Food & Co. is one of the brands that Compass Group operates through. That is why everyone who works in one of Agro Food Parks three eateries carries this brand. Read more about Compass Group on page 24.

The three eateries in Agro Food Park:

Café in no. 13:

Barista coffee, cakes, open all day

Canteen in no. 15:

Largest, most traditional food

Canteen in no. 26:

Organic food, more greens

FORCE Technology

Allan Grønkær Kristensen

Director, Compliance & Product Testing

Email: agkn@forcetechnology.com

www.forcetechnology.com

Agro Food Park 13

FORCE Technology is a technology consulting and service company that works to create positive technological change and make the world more sustainable and safe. They do on-site inspections, measurement and data collection, and offer a comprehensive and unique infrastructure of facilities and laboratories for testing, calibration and analysis.

As a government-approved Research and Technology Organisation, they help companies get market access through their wide range of services, supplied from or via their Aarhus facilities in Agro Food Park.

Foreningen for Biodynamisk Jordbrug

Klaus Loehr-Petersen, Project Manager

Email: info@biodynamisk.dk

www.biodynamisk.dk

Agro Food Park 26

 Foreningen for
Biodynamisk Jordbrug

Association for Biodynamic Agriculture is the oldest organics organization in Denmark. They are part of the international network Biodynamic Federation Demeter International and certify farms and companies in Denmark according to the international Demeter Standards. They have close relations with Økologisk Landsforening regarding standpoints, politics and scientific aspects.

Association for Biodynamic Agriculture is now situated in Agro Food Park 26 together with the other companies in Agro Food Park working specifically with organic farming and food production.

FRDK - Foreningen for Reduceret jordbearbejdning i Danmark

Anne Kjærsgaard Krogh, Journalist og tovholder

Email: akk@frdk.dk

www.frdk.dk

Agro Food Park 15

FRDK is the association for reduced tillage in Denmark. Their purpose is to promote minimum tillage, no tillage and conservation agriculture. They give farmers reasons to manage their soil in a more sustainable way with less or no cultivation, use of cover crops and versatile crop rotation. All this is to keep a healthy financial position for the farmer, while maintaining productive soils for future generations.

FRDK has their secretariat located in Agro Food Park.

Friis Solutions

Else Kathrine Friis

Owner

Email: else@friissolutions.dk

www.friissolutions.dk

Agro Food Park 13

We transform strategy into actions. We empower growing Biosolutions companies through development tasks and project governance to a healthy growth and achieve success in critical projects. We guide management teams by prioritizing and delivering projects on time, in full and within budget.

We create and maintain an overview of ideas and plan execution, evaluation and continuous improvements.

Frisør Pape

Trine Pape

Owner

Email: frisorpape@gmail.com

www.frisorpape.dk

Agro Food Park 15

Frisør Pape is a hair salon in Agro Food Park. The reason why it is here is to give the employees of Agro Food Park the freedom and flexibility to take a small break from work, while also crossing off a visit to the hairdresser from the to-do list. Trine Pape is ready to welcome you to a little respite in the busy everyday life.

A hair salon might not be a typical service provider to associate with a place like Agro Food Park, but they want to make it as convenient as possible to be part of Agro Food Park.

Gasa Nord Grønt

Josephine Malene Kofod

Projektleder Marketing & Innovation

Email: jmk@gng.dk

www.Gng.dk

Agro Food Park 26

Gasa Nord Grønt supply fresh and Danish produced fruits and vegetables with a strong focus on an organic and sustainable production. Gasa Nord Grønt's products are delivered every day to retail- and food service markets directly from the growers.

Gasa Nord Grønt is a cooperative owned by the growers they represent.

Their headquarter is located in Agro Food Park, and they enjoy being close to business partners in the industry.

GLS-A

Stephan Vinther Petersen

Communications Consultant

Email: svp@gls-a.dk

www.gls-a.dk

Agro Food Park 13

GLS-A is the employers organization for companies in the green sector, e.g. farms and forests, agricultural contractors, garden nurseries and industries in the sector.

GLS-A generally supports its members within collective work agreements, labour law, working environment, education and HR. GLS-A has several membership benefits to offer and we welcome companies of all sizes.

GLS-A's business and head office is in Agro Food Park, because they cooperate with SEGES Innovation, Jordbrugets Uddannelses- og Forskningscenter and other companies located in Agro Food Park.

Good Sodas

Peter Vinther

Founder

Email: peter@good-sodas.com

www.good-sodas.com

Agro Food Park 13

good sodas®

By applying the latest knowledge within fermentation and organic ingredients, Good Sodas® want to challenge the conventional soda experience and provide consumers with a healthier and more tasteful choice of sodas.

Good Sodas® have a natural and aromatic taste that will elevate your soda experience to new heights and complement any meal or any endeavor.

grenke

Birgitte Fuglsang

Head of Development

Email: bfuglsang@grenke.dk

www.grenke.dk

Agro Food Park 26

grenke

grenke offers leasing solutions to companies in all industries. They are part of a global group with more than 44 years of experience within leasing. It is possible to lease directly with them or via one of their resellers. Whether it is IT equipment, interior or other equipment for businesses – they can be of support.

Together with the customer an overview is created in order to optimize businesses and prioritize liquidity.

grenke's Aarhus department is located in Agro Food Park 26.

hapiday

Lars Friis Mortensen

Graphic Designer

Email: lars@hapiday.dk

www.hapiday.dk

Agro Food Park 13

hapiday

hapiday is an independent graphic design workshop that helps you create effective marketing materials – from creative concept and design to final production.

hapiday is a flexible and cost-effective one-stop shop, offering both individual services and complete packages tailored to your specific needs.

hapiday is a reliable alternative to both in-house design teams and large agencies – giving you personal service, creative quality, and firm production control.

Haugaard|Braad

Simon Laulund Bro

Advokat

Email: slb@haugaardbraad.dk

www.HaugaardBraad.dk

Agro Food Park 15

Haugaard|Braad
Advokatfirma

Haugaard|Braad is a Danish law firm that offers legal services and advise to public and private corporations, businesses, and institutions across Denmark. They provide legal counsel across a wide range of practice areas and located in Aarhus they have a dedicated expert team within environmental and agricultural law.

Haugaard|Braad is part of Agro Food Park because they want to participate in the

innovative and relevant community, and to foster collaboration across sectors that can contribute to the continuous development of the agricultural and food sector in Denmark, including particularly the green transition, climate solutions, and sustainability.

Haystack

Elena Sørensen Skytte

Haystack Manager

Email: ess@foodbiocluster.dk

www.agrofoodpark.dk/haystack

Agro Food Park 13

Haystack is the sector specific incubator for agri and food start-ups in Agro Food Park. Food & Bio Cluster Denmark runs Haystack and offers advice within business development, financial planning and guidance in soft-funding. As an entrepreneur you also get access to investors and a large B2B network.

The advice is based on exactly your situation, so that you get the guidance that covers exactly your needs.

Healthy Cow

Rune Friis Kristensen

Director
